ABOUT THE SESSION - important information

Due to court commitments, judges are available for **sessions commencing between 9am and 10am**. It is envisaged that the session will take **60 minutes in total** including question time. Interaction between the students and the Judge by way of questions is encouraged as it is considered that this is the best way for the students to gain an insight as to the character of the Judge and, accordingly, the Court. It is recommended that the teacher stresses the importance of questions with the class before the session takes place as we have found that in the absence of adequate preparation and warning students can sometimes be reluctant to engage with the Judge. If the teacher would like the Judge to cover specific topics within the curriculum, please list them in the boxes below.

Civil Law - focus on...	<input type="text"/>
Criminal Law - focus on...	<input type="text"/>

In the absence of specific topics being identified the Judge will deal with the following topics -

- * The concept of the separation power.
- * The hierarchy of the Victorian courts.
- * The jurisdiction of the County Court.
- * How judges are appointed.
- * Cases studies to illustrate criminal sentencing principles and civil case management and preparation.
